PROFILE

A proactive and highly dedicated Bachelor of Business Information Technology student with a strong foundation in Full Stack concepts and UI/UX Design. Seeking an Information Technology/Computer Science Internship for the 2026 intake, leveraging expertise in web development and data application.

Proven ability to translate design concepts into seamless, functional user experiences using modern technologies like React, Tailwind CSS, and Figma. Demonstrated commitment to continuous learning and achieving high quality results, maintaining a high attention to detail across all projects. A strong collaborator and articulate communicator, prepared to integrate quickly into a professional team environment.

TECHNICAL SKILLS

Frontend & Design: React.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, MUI, Bootstrap, Figma, UI/UX Design, Responsive Design, Prototyping

Backend & Tools: Node.js, Express, Django, MongoDB, Python, Git, GitHub

Soft Skills: Communication, Collaboration, Creativity, Time Management, Problem-Solving, Teamwork

RELEVANT EXPERIENCE

Power Learn Project — *Frontend Developer / Co-Instructor (MERN Stack)*

June 2025 – Present

- Mentoring learners on React, Node, and MongoDB, improving technical delivery and communication skills.
- Developed responsive React interfaces using Tailwind CSS and MUI.
- Collaborated on UI refinements to enhance usability and consistency across student projects.

Baobab Restaurant Website — *Web Developer & Designer*

April 2025 – May 2025

- Designed and developed a fully responsive website showcasing Kenyan cuisine.

- Applied **UI/UX principles** to create a clean, visually engaging, and mobile-friendly interface.
- Focused on accessibility and intuitive user flow to improve usability.

Femicare Chat Agent — *Full Stack Developer*

June 2025

- Designed a user-friendly interface for a healthcare chatbot using React and Figma prototypes.
- Focused on clarity, consistency, and empathy in the interface for female reproductive health education.

M-Treat Organization — *Web Developer Intern*

March 2025 – May 2025

- Designed and integrated contact forms and newsletters with React and Django.
- Improved UX for form submissions and user feedback flow.

Jay Foundation — *Frontend Developer & Designer*

January 2025 – February 2025

- Designed an engaging, responsive UI for a charity website promoting online donations.
- Enhanced accessibility and user engagement through visual hierarchy and clear call-to-action designs.

TRAINING & CERTIFICATIONS

Power Learn Project (PLP) — *Full Stack MERN Stack Training* (Feb 2025 – July 2025)

eMobilis — *Django Web Development Program* (Oct 2024 – Dec 2024)

She Codes Foundation — *Frontend Development* (Nov 2023 – Mar 2024)

Code First Girls — *Intro to JavaScript & Web Development* (2023–2024)

Le Wagon — *Introduction to UI/UX Design*

EDUCATION

Jomo Kenyatta University of Agriculture and Technology (JKUAT)
